This Graduate Employment Survey was conducted in August 2012.

As in the previous years, the objective of the survey was to gather graduate employment information.

This information gather will be essential to JCU Singapore Career Counselling Centre to better advise and assist graduands and graduates.

The information will also be used by Marketing staff to communicate JCU Singapore graduate employment trends to prospective students.
Objective, Sample & Methodology

Sample
The survey sample base consist of JCU Singapore graduates enrolled since the campus commence operations up to JCU Singapore Graduation Ceremony in 2012. Survey submissions by graduates are voluntary.

Methodology
The survey was conducted electronically through an online survey platform for ease of user participation & data collection. Statistics are shown in percentage unless upon written request to JCU Singapore.
